## **Who is Qatar Teach?**

Qatar Teach is a recruitment company which specialises in helping UK teachers find teaching jobs in Qatar. We come from a teaching background so we know exactly what it is like to work in the classroom. Some of us have also had experience working in Qatar schools as international teachers.

We use this experience so that we can help you find the perfect role in a Qatar school. We believe there is no other agency out there who does what we do in the way we do it.

We are a values driven company which means we set ourselves to a high standard.

## **Values**

We pride ourselves on our values of diligence, integrity and civility.

### **-Diligence**

We believe in hard work. Finding the best teachers to go in the best schools is what we do and we work hard to do that.

### **-Integrity**

We do the right thing. If something isn't right, then it isn't right. We don't ever want to do something we know would negatively affect our relationship with schools and teachers.

### **-Civility**

We treat everyone with respect. We work with people from all different backgrounds and we respect that. We are a person centred company.

## **About Qatar**

Qatar is a small peninsula adjoining the Eastern side of Saudi Arabia in the Middle East. Although small in size and population, it is the world's wealthiest country based on capita per head. Its strategic location between Europe and Asia makes it a place of continuous growth and opportunity.

Our role is to help you take this opportunity to be part of Qatar's growth.

## **Why should you try teaching in Qatar?**

We believe there are 3 main reasons why people should try working in Qatar.

1. Qatar offers a tax-free salary. Having a tax-free salary means you are able to save much more money each month. This would be far more than you may have been able to do in the UK. There is also a second financial benefit to

working in Qatar. Schools are required to offer free accommodation to teachers so not only are you paid more, you are able to save money on rent.

2. The climate in Qatar is much more appealing than it is in the UK. Cold rainy days are replaced by warm evenings which can be spent on the park or by the corniche. Due to the location of Qatar, it does suffer from very hot summers however, teachers will enjoy their long summer holidays in the UK so you can avoid these peaks in temperatures.
3. It will be a fantastic experience. Everyone should get to experience something like this at least once in their life. I know people who initially went to work in Qatar for 2 years, but are now still living there over 10 years later. They love it! You may not necessarily want to be there for a decade but the opportunity to experience something like this will change your view on life and teaching.

### **Is moving to Qatar the right decision?**

We want to make sure moving to Qatar is the right thing for you. As with our values, we don't want you to do something that isn't right for you. Because of this we decided to make this decision making booklet. Hopefully this should help you to make the correct decision.
